

So Much to Do

Willie Nelson

My oat meal tastes just like confetti
The coffee's too strong so forget it
The toast is burning
Well let it
There's just so much to do
Since you've gone
Too much to do all alone
My tie's lost
I can't find the sweater
There's the doorbell
I hope that's your letter
My head aches
I hope I feel better
There's just so much to do
Since you've gone
Too much to do all alone
So much to do since you've gone
Too much to do all alone
And time time rolls on
Like a river and oh
There's just so much to do
And I just can't do without you
