Something

Willie Nelson

Something in the way she moves Attracts me like no other lover Something in the way she woos me I don't want to leave her now you know I believe and how

Somewhere in her smile she knows That I don't need no other lover Something in her style that shows me I don't want to leave her now you know I believe and how

You're asking me will my love grow I don't know, I don't know Just stick around and it may show I don't know, I don't know

You're asking me will my love grow I don't know, I don't know Just stick around and it may show I don't know, I don't know

Something in the way she knows And all I have to do is think of her Something in the way she shows me I don't want to leave her now you know I believe and how
