

# Texas

Willie Nelson

Listen to my song  
And if you want to sing along  
It's about where I belong  
Texas

Sometimes far into the night  
And until the morning light  
I pray with all my might  
To be in Texas

It's where I want to be  
The only place for me  
Where my spirit can be free  
Texas

It's where I want to be  
The only place for me  
Where my spirit can be free  
Texas

Listen to my song  
And if you want to sing along  
Its about where I belong  
Texas
