

This Is How Without You Goes

Willie Nelson

This is the first time that I've ever had this much time
To sit and watch the grass grow and wonder why you left me
And oh, I've often wondered how I would take this feeling
That I'm feeling today, would it really be despair if you ever
went away?

So this is how without you goes
Watching re-runs of old memory shows
Even at my best the worst is yet to come
God knows, this is how without you goes

I never thought that I would sit and watch the sunrise
And not care if there were blue skies because you were always w
ith me
But now we're not together and come fair or stormy weather
Everything is tear clouds and no matter what I do
They keep falling from me now

So this is how without you goes
Watching re-runs of old memory shows
And even at my best the worst is yet to come
God knows, this is how without you goes
So this is how without you goes
