

# Valentine

Willie Nelson

Valentine  
Won't you be my Valentine  
And introduce your heart to mine  
And be my Valentine

Summertime we could run and play like summertime  
With storybooks and nursery rhymes  
So be my Valentine

Candy heart  
If you could have a candy heart  
You're the sweetest of all sweethearts  
Won't you give your heart to me  
Can't you see

I love you valentine  
Won't you be my Valentine  
And won't you share your space with mine  
And be my Valentine

Candy heart  
If you could have a candy heart  
You're the sweetest of all sweethearts  
Won't you give your heart to mine  
Can't you see

I love you valentine  
Won't you be my valentine  
And introduce your heart to mine  
And be my valentine

Valentine  
Valentine  
And be my valentine
