

Who Do I Know in Dallas

Willie Nelson

Who do I know in Dallas who can I call on the phone
Who do I know in Dallas that will help me forget she's gone
Shirley consoled me in Phoenix and Jeannie in old San Antone
But who do I know in Dallas that will help me forget that I'm a
lone

I can't spend the night without someone the lonelies will drive
me insane
So who do I know in Dallas that will make me be happy I came
Who do I know in Dallas that will make me be happy I came
