

Your Memory Won't Die in My Grave

Willie Nelson

Been feelin' kind of free
But I sure do feel lonesome
Baby's takin' a trip
But she ain't takin' me

I've been feelin' kinda free
But I'd rather feel your arms around me
'Cause you're takin' away
Ev'rything that I wanted

There's an old hollow tree
Where we carved our initials
And I said I love you
And you said you love me

It's a mem'ry today
It'll be a mem'ry tomorrow
I hope you'll be happy someday
(And) Your mem'ry won't die in my grave

There's an old hollow tree
Where we carved our initials
And I said I love you
And you said you love me

It's a mem'ry today
It'll be a mem'ry tomorrow
I hope you'll be happy someday
(And) Your mem'ry won't die in my grave
