Christmastime is such a wonderful time
You gotta laugh, you gotta sing
Just hold your love tight

Christmastime is such a beautiful time
You gotta smile, you gotta play
You gotta hold your love tight

When you're feeling alone
(Hold your love tight)
And you wanna feel home
(Hold your love tight)
Be with someone who cares
(Hold your love tight)
We've got so much to share

Christmastime is such a wonderful time
You gotta laugh, you gotta sing
Just hold your love tight

Christmastime is such a beautiful time
You gotta smile, you gotta play
You gotta hold your love tight

We've been waiting a year
(Hold your love tight)
For this time to be here
(Hold your love tight)
Back together again
(Hold your love tight)
Christmas cards have been sent
(Sent, yeah)

Christmastime is such a spirited time
You gotta hope, you gotta dream
Just love somebody

Christmastime is the season to shine
You're gonna dance, you're gonna glow
You're gonna feel somebody

And soon on a midnight clears
What we've waited for all year
With arrive
It's almost that time
