

Miracle

Wilson Phillips

Time, time makes a mockery
Of all your dreams
This is a certainty
You would cry if you knew

Life, life has no alibis
For all it's crimes
This I can testify

You would cry if you knew
What it could do to you
You would cry if you knew

Am I a fool to expect a miracle?
Such a fool to be so gullible?
I need a miracle
Tonight, tonight, tonight

Once we were innocent
But all our lives
We've been taught to repent

I would cry 'cause I knew
What you were going through
I would cry 'cause I knew

Am I a fool to expect a miracle?
Such a fool to be so gullible?
I need a miracle
Tonight, tonight, tonight, tonight

Am I a fool to expect a miracle?
Such a fool to be so gullible?
I need a miracle
Tonight, tonight

Am I a fool to expect a miracle?
Such a fool to be so gullible?
I need a miracle
Tonight, tonight

Expect a miracle

Expect a miracle

Expect a miracle
