

# Ooh You're Gold

Wilson Phillips

Evening sun  
That's what you are to me  
You make me feel alive, and I wanna be  
By your side  
You're alright  
And how I found you honey I'll never know (Don't know)  
But you're part of me, won't let you go  
I would never, never hurt you  
So let me be the one to tell you, uh-huh  
I could go on and on and on and on forever  
I need you to know

All I really need you to know  
Is ooh you're gold  
All I really need you to know  
Is ooh you're gold

My evening sun  
You warm every part of me  
You make me feel alive, are you gonna be  
By my side?  
'Cause you're alright  
And how I found you honey I'll never know  
But you're part of me, won't let you go  
I would never, never hurt you,  
So I will be the one to tell you, uh-huh  
I could go on and on and on and on forever  
I need you to know

All I really need you to know  
Is ooh you're gold  
All I really need you to know  
Is ooh you're gold

I don't care what they say...  
Doesn't matter anyway  
Just like the sun, your love always surrounds  
Don't go down, but don't go away without me  
There's a lot of talk and speculation about our situation,  
But when it comes to how I feel about you, I don't need any help I'll tell you myself  
All I need you to know (need you to know)  
All I need you to know (need you to know)

All I really need you to know  
Is ooh you're gold  
All I really need you to know  
Is ooh you're gold

I don't care what they say.  
Doesn't matter anyway.

All I really need you to know  
Is ooh you're gold  
All I really need you to know  
Is ooh you're gold
