

# Come Home Baby

Wilson Pickett

I know just how bad I've hurt you  
Oh yeah  
Let me make it up some way  
What can I do just to prove I love you  
Should I beg on my knees? Baby, please come home

Come home baby  
Baby, just come on home  
Come home baby  
Need your love so bad  
Come home baby  
Need you by my side  
Come home baby

I'll be good to you, I promise  
I'll do anything you say  
I want your kiss; I can't go on like this  
Keep me bad if you must, baby just come home

Come home baby  
Baby, just come on home  
Come home baby  
Need your love so bad  
Come home baby  
Need you by my side  
Come home baby

What can I do just to prove I love you  
Should I beg on my knees? Baby, please come home

Come home baby  
Baby, just come on home  
Come home baby  
Need your love so bad  
Come home baby  
Need you by my side  
Come home baby
