

If You Need Me

Wilson Pickett

If you need me, call me
If you need me, call me
Don't wait too long if things go wrong
I'll be home, whoa, oh oh, home

If you want me, send for me
If you want me, send for me
Don't wait too long, just pick up your phone
I'll be home, well, I'll be home

People always said, darlin', that I didn't mean you no good
And you would need me someday
But way deep down in my heart
I know that I've done the best I could

That's why I know that one of these days
It won't be long, you'll come walkin' through that same door
(I'll hurry home)
And I can imagine in my mind
That these are the words that you'll be sayin'

I still love you, always think of you
I still love you, always think of you
No matter what the people say, I won't stay away
And if you need me, I'll be home, well, I'll be home
