

It's All Over

Wilson Pickett

My mind take me way back, children
To the time, darling had no love by my side
Oh but I remember
How I used to walk the floor all night long
I used to shed tears
All through the night
But I'm so glad

It's all over
(It's all over) Yes it is
It's all over
(It's all over) Yes it is
I found myself a love
(It's all over) Yes I did
And I don't have to worry no more
(It's all over now)

Oh how sweet it is to know
How sweet it is to know
You've got a love, got a love
That will never let you down
And when all your friends
Listen to me, children
Have turned their back on you
Listen to me
You feel good to know
That you got a love
Will always see you through
Now help me to say

It's all over (It's all over)
Help me to say it, children it's all over
(It's all over) Yes it is
I found a love
(It's all over)
(It's all over now)
