

# Blind Revolution Mad

Winger

Into this world  
Little boy brave  
Charity heart  
Faithfully plays  
Heal the scars  
Unto his eyes  
Salvage the goodness  
Of dreams never lived  
Dreams never died  
Again and again  
Again and again  
Haunted by the trust of a child  
With no place to go now  
Little boy brave  
Wanders the streets  
Faithfully plays  
But his broken arrows  
Once filled with pride  
Aimed and missed  
At the dreams never lived  
Dreams never died  
Again and again  
Again and again  
Haunted by the trust of a child  
Never give in  
Never give up  
Little boy brave  
Never lived  
Never died

Appears to be  
Blind Revolution Mad  
The mercy ends  
Where the mercy began  
Seems justified  
I'm turnin' this around  
Jawbreaker Lawmaker  
Have it your way...

Ye-ah... Ye-ah... Ye-ah...

Campaign smokescreen  
Glorifies the mainstream  
Cities on remote control  
Meanwhile vigilante gangs  
Dig their fangs into the streets  
They've overthrown  
While plastic faces  
Run for king of this  
Disassociation land  
I'm dying to find  
Anyone who understands  
Behold...

One more Blind Revolution Mad  
One more chance of a lifetime

Rage runs rampant  
Always been abandoned  
Killin' for some pocket change  
Blames being force fed rules  
Governed by fools  
Slammin' you against the grain  
And the nation's glued to CNN  
To watch their own creation  
Behold

One more Blind Revolution Mad  
One more chance of a lifetime  
One more Blind Revolution Mad

Fee Fi Fo Fum  
One for all and all for one  
Don't try to stop me  
I've already gone crazy  
One for all and all for one  
Overthrow your kingdom come  
Don't try to stop me  
You're the reason I'm crazy  
Behold

One more Blind Revolution Mad  
One more chance of a lifetime  
One more Blind Revolution Mad  
Mind in the gutter turned  
another boy bad  
Oh behold
