

# Blue Suede Shoes

Winger

I am the son who believed in the call  
Standing beside you I witness it all  
Walk hand in hand through cities of clay  
Far from the ocean so far from the ocean

You wonder why  
Don't you know someone you'd die for?

Put on my blue suede shoes all for you...

I'm not a trophy you hang on your wall  
Levy illusion rob Peter pay Paul  
I brave the distance I take the fall  
Of extreme words unspoken with deeper devotion

Free to decide  
Salute the lives laid down before me

Put on my blue suede shoes ah...  
Red, white and blue suede shoes all for you...

One look around  
Won't you see someone you live for?

Put on my blue suede shoes ah...  
Red, white and blue suede shoes all for you...
