

# On the Inside

Winger

A face to hide your cause  
Like pretty camouflage  
A face that i believe  
Is down inside of me

A face for all your fun  
Deny your need to Run  
A face of Parody  
Is it all you'll ever be

No Im not the one who let you down  
You never want it to show

The only other face never seen  
Who you are on the inside  
The only other face in my dream  
Who you are on the inside

A face to stake your claim  
Like you own everything  
My faith in you still bleeds  
Down inside of me

Oh, Whos gonna save you when your down  
You never, Know why you cant let it show

The only other face never seen  
Who you are on the inside  
The only otheer face in my dream  
Who you are on the inside  
I need you the Real You  
The one I cant see, Show me your in there  
Cause I have looked everywhere

No, Im not the one who let you down, (you never)  
You never want it to show

The only other face never seen  
Who you are on the inside  
The only other face in my dream  
Who you are on the inside

Yeah, The only other face never seen  
Who you are on the inside  
The only other face in my dream  
Who you are on the inside  
Yeah yeah  
Who you are on the inside
