

Rainbow in the Rose

Winger

Deep inside my hunger grows
I got to find the rainbow in the rose

Somewhere the spirit shines
Like the moonlight
I move on
Somewhere the spirit shines
But I'm still searching for
The rainbow in the rose
In the rose

If you can lead the way
You know, baby, I will follow searching for
I'm still looking for the rainbow in the rose

In the howling wind
I first heard the voice
To be free again
It said find the rainbow in the rose

Somewhere the spirit shines
Like a holy light
We move on
Someday it will be mine
But I'm still searching for
The rainbow in the rose
Rainbow in the rose, yeah

If you can lead the way
Than, baby, I will follow searching for
I'm still looking through the window
At the rainbow in the rose
Owner of my devotion
The deeper my hunger grows, oh
Got to look inside
Got to try to find the rainbow in the rose

Searching for the rainbow in the rose
If you can lead the way
Than, baby, I will follow to find the rainbow
I'm just looking through the window
At the rainbow in the rose
