

# So Long China

Winger

Now there's nothing left for me to say  
There's no way to climb behind your hidden walls  
You're untouchable

It wasn't me who made you hurt this way  
Somebody made your heart unreachable  
You can't let it go

I could have really loved you  
Never wanted to say

So long china  
Shanghai flower  
So long china  
I hope you find what you're looking for...

Ya know I'll miss the tiger in your eyes  
The way you saw the world was sad and beautiful  
Now I see it all

So many times I tried to read your mind  
Free the secret pain that's holding you prisoner  
Seemed impossible

I know I won't forget you  
I never wanted to say

So long china  
Shanghai flower  
So long china  
I guess I wanted something more

I thought you might want to save it  
Before these silver engines touch the sky...fly high  
I can hardly believe it  
I'm leaving and this really is goodbye...you know I tried

I could have really loved you  
Never wanted to say

So long china  
Shanghai flower  
So long china  
I'm gone forever  
So long china  
I hope you find what you're looking for  
So long china  
Shanghai flower  
So long china  
I'm gone forever  
So long china
