

Supernova

Winger

You're down on your knees
and you're begging oh please
Forgive me, I'll be a better man
Have the world screams
On the edge of defeat
You're thinkin' that this is the plan

You say "Thank you for my fame my fortune and the rain"
I guess my karma's perfectly unstained
I sould follow you and I would be saved too
All the choosen children - wait not you
Hold on she's crying hold on - are you listening
Sleep tight sleep through the bombs tonight - and she's
praying
Into the great unknown

Where is your supernova
And do you know my name
Big bang or the holly rollers
Couldn't heal it over
Or wash it all away

He turns a blind eye
When the money is right
For family he'll do what he has to do yeah
When he fights it's alright
Coz he's on the good side
God and country - wouldn't you do it too
While they're shippin' off his guns he sleeps
peacefully because
He tells himself he did it all for love
In the right God we trust and it pays a handsome sum
and they hand out free redemption for your wrongs

Too young to die - too young - can you hear me?
Don't cry she's pleading why oh why - while she's
praying
Into the great unknown

Where is your supernova
And do you know my name
Big bang or the holly rollers
Couldn't heal it over
Or wash it all away

Is this heaven or hell
Can anybody tell
And if you're out there
Can you hear me

Where is your supernova
Can you heal it over
Or make it go away

While they're shippin off his guns he sleeps peacefully
because
He tells himself he did it all for love

Is the right God we trust and it pays a handsome sum
and they hand out free redemption for your wrongs

Gone gone her baby's long gone - are you with me
No answer never heard an answer - she's praying
Into the great unknown

Where is your supernova
And do you know my name
Big bang or the holly rollers
Couldn't heal it over
Or wash it all away

Is this heaven or hell
Can anybody tell
And if you're out there
Can you hear me

Where is your supernova
And can you heal it over
Or make it go away
