## **Children Children**

I know a tiny waterfall A magic little place Where we can play together And watch the fishes race

Children children where are you Hiding in the forest playing in the rain I hope you're not too far away For me to see again

I know where there's a fairy Who will invite us all to tea But she won't let me in alone You'll have to come with me

Children children where are you Hiding in the forest playing in the rain I hope you're not too far away For me to see again

I know a tiny waterfall A magic little place Where we can play together And watch the fishes race

Children children where are you Hiding in the forest playing in the rain I hope you're not too far away For me to see again
