Love in Song

My heart cries out for love and all that goes with loving Love in song - love in song.

My, you're so fine When love is mine I can't go wrong, Love in song - Love in song

I can see the places that we used to go to now Happiness in the homeland

Happiness in the homeland

My eye cries out a tear still born Misunderstanding Love in song - love in song

I can see the places that we used to go to now Happiness in the homeland

Happiness in the homeland

My, you're so fine When love is mine I can't go wrong, Love in song - Love in song - Love in song. Wings
