

Sore

Wintersleep

you've been awake all morning
wanting to tell me something
i know you are
scared

you can tell me everything, i wouldnt care
you know that i'll always be there
right by your side no matter what
no matter what
consciously endure
every ache and sore

you can tell me everything, i wouldnt care
you know that i'll always be there
right by your side no matter what
no matter what they say

you can tell me everything, i wouldnt care
you know that i'll always be there
right by your side no matter what
no matter what

consciously endure
every ache and sore
consciously endure
every ache of yours
