

## Sore

## Wintersleep

you've been awake all morning  
wanting to tell me something  
i know you are  
scared

you can tell me everything, i wouldnt care  
you know that i'll always be there  
right by your side no matter what  
no matter what  
consciously endure  
every ache and sore

you can tell me everything, i wouldnt care  
you know that i'll always be there  
right by your side no matter what  
no matter what they say

you can tell me everything, i wouldnt care  
you know that i'll always be there  
right by your side no matter what  
no matter what

consciously endure  
every ache and sore  
consciously endure  
every ache of yours
