

## In Time We Trust

Winterstorm

In time we trust  
Remembering the last summer  
In time we trust  
When the night turns into day  
The time we share  
When we ride into the lands of  
Calm and peace  
And freedom in eternity

Gather in the night  
Let them hear you fight  
When the moon shines in the sky  
Gather in the night  
Hear their battlecry  
Then the night turns into day
