

## Let's Go Let's Go Away

Wipers

Stuck in the pits of cape coral  
Really gave me the blues  
Being stuck in one place too long  
Makes me itchy to move

There's gotta be a better place  
So lets get on the move  
Lets go lets go lets go lets go away  
No matter where ever I go  
It seems always the same  
Gotta find a new world  
Before I start going insane
