

## Never Win

Wipers

See you later  
Sorry  
I didn't know  
You don't have the time to  
Until you have to go  
When you pull my leg  
The song's they sing

I find you stay right by me  
I thought you were fine  
Till you didnt do the time  
Will you take me for a ride?  
Still waitin'  
Still waitin'  
Still wishin'  
I could run away

When you lie in silence it's never sin  
Do you ever get the feelin' that you never win?  
Yeah
