

Prisoner

Wipers

There's a place around this sign the sky's parade All I want to
see you laugh and see the way I find some way to oh If there w
ere some way to find the ancient way Restless eyes

You used to run away With me With me oh

I will stand a ground a prisoner i want out With these terrible
dreams that haunt my eyes I

Will be amongst the base Just want to be remembered How I was

Oh yeah

And remember Why I

(Sage talking)

You wanted me for the reasons were the same? You can't take me
out
