

## Voices In The Rain

Wipers

As darkness falls  
Nothing left at all  
Aimlessly wandering  
Wondering who to call  
Trying to find it  
But it's in vain  
Where are these voices in the rain?  
As darkness falls  
Nothing left at all  
What's in this street  
I begin to follow  
Trying to find it  
But it's all in vain  
Where are these voices in the rain?
