

## Y I Came

Wipers

That's why I came  
I saw clean in the night  
Or was it just a dream?  
But I thought I saw right...

Well ya turn around  
And see the faces on a summer night

That's why I came  
I saw clear liquid eyes  
Or was it just a dream?  
Yet I thought I saw right...

Well ya turn around  
And see the faces on a summer night

That's why I came  
I saw a silhouette  
But was it just a dream?  
But I thought I saw right....

Well ya turn around  
And see the faces on a summer night

Well ya turn around  
And see the faces on a summer night
