

B/W Silence

Wire

I'm mourning the passing of a moment, in black and white silence

Uneasily, I slept

I cannot accept your tears as an answer

Or is this an excuse for your selfishness?

I came, it was so... I wanted to go

I came, it was so... I wanted to go

Irrational in the extreme, it makes such perfect sense

Lost in a moment, cold without regret

Was this an excuse for my selfishness?

I came, it was so... I wanted to go

I came, it was so... I wanted to go
