

## I Feel Mysterious Today

Wire

Always cause for concern  
When you're feeling quite bright  
And your filament burns  
I feel mysterious today  
Everything is humming loudly  
I feel mysterious today  
Everything is coming this way  
Is it ever appealing  
To stand on a ceiling?  
Observe the tension grow  
Going walking abroad  
Minus hat before dawn  
Bats in profusion there  
Did you ever conceive  
That you too can leave  
Exactly when you like?
