Single K.O.

I've found something No one else is looking for I've found something That there's no use for

And] what's more I'm keeping it to myself

I'm leaning over backwards Shoulders pressed to the floor I'm leaning over backwards Shoulders pressed to the door

Two falls or one submission Or a single K.O. Two falls or one submission Or a single K.O. But what's one submission Amongst friends?
