

Two Minutes

Wire

Just what I need
Shoot on Sight
Leaking while you vote, four days left
A dirty cartoon duck covers a village in shit
Possibly signalling the end of Western civilisation
As if I give a fuck
Evidently side tracked
Positively indisposed
Elevated by restitution
And do you know what?
Coffee is not a replacement for food or happiness
The umbilical twangs
In f and ecstasy
In the ring, on the cut in 5 minutes
Just what I need
Deputise
Wear your star with pride
Shoot on sight
Compose questions later
Religious Vomit.

Opera in the age of fragmentation
Much Later
I'll tell you who I hate on a daily basis
