I don't know you at all so it really doesn't matter anyway. i don't care about the shit you telling me, it's probably all bullshit and fantasy, and if it's not it makes no difference to me cause it doesn't really matter anyway. something aint right in the back of my mind, why are you so happy all the motherfuckin time, shut up, just get up and leave, why are you talking to me, i don't wanna know your problem they don't matter to me, i don't care, i don't give a fuck about you, you don't give a fuck about me, let's stop wasting each other's time, i don't care, i don't think your being real to me and i don't care enough to find out so let's part ways before it gets ugly. i don't care
