

## Live Like a Beast

Wisdom

What an evil man you are  
Can't you see what is going on?  
Lately you have gone too far  
Now we are out of hope

We don't wanna fight  
With the ghosts in your mind  
Take you deep into a place like  
Hell for the rest of life

You're the man who never cares  
Crazy madman against the rules  
Pain remains if you were there  
How can you be so cruel?

Your world is a lie  
Full of greed, lust and pride  
We will take you to a place like  
Hell for the rest of life

Live like a beast to the end of time  
Darkness will eat you alive  
Hide like a worm in a hole and wait  
The end of days

Seven deadly sins and all  
Dirty deeds in your dirty life  
No one needs you anymore  
Too many tears we cried

No, we don't wanna fight  
With the ghosts in your mind  
Take you deep into a place like  
Hell for the rest of life

Live like a beast to the end of time  
Darkness will eat you alive  
Hide like a worm in a hole and wait  
The end of days

Live like a beast in the deepest hell  
No one will wait for you there  
Hide like a worm in the darkest hole  
Evil must fall

Live like a beast to the end of time  
Darkness will eat you alive  
Hide like a worm in a hole and wait  
The end of days
