

My Fairytale

Wisdom

Once upon a time I was
Laying under the stars and closed
Both my eyes and dreamed away
Dreamed of a place where the Fairies play

I hope it never ends, this is what I like to do
Sometimes I know, the wildest dreams come true

My fairytale is a new reality, this is
My fairytale not a fable or just fantasy

Livin' in a magic world
Every day is a miracle
Take my hands and come with me
Don't be afraid to be young and free

Sometimes I know, the wildest dreams come true

My fairytale is a new reality, this is
My fairytale not a fable or just fantasy

I hope it never ends, this is what I like to do
Sometimes I know, the wildest dreams come true

My fairytale is a new reality, this is
My fairytale not a fable or just fantasy

Come together and dream with me
Breathe the air I breathe
Come together and dream with me
Dreams will set you free
