## **Unholy Ghost**

No one knows why I'm afraid Why I feel so bad Oh I see our destiny It makes me feel so sad

Unholy Ghost takes away our hopes I don't want to fall on evil days anymore Never again, misery and fall Is it just a dream that I'm waiting for?

Oh my dreams will realize All the hopes I have I won't rest, will stand my ground Until I reach my end

Unholy Ghost takes away our hopes I don't want to fall on evil days anymore Never again, misery and fall Is it just a dream that I'm waiting for? Wisdom
