

Everybody Needs a Friend

Wishbone Ash

Trust in me, I'll try to do
Everything to help you that I can
Broken wings can heal and mend again
Don't be afraid to cry your tears out loud
Everybody needs to have a friend

It's only love that I can give
I give to you the only love I have
When I see you're in misery
It makes me wanna try and understand
Everybody needs a helping hand

It's only love that I can give
I give to you the only love I have
When I see you so unhappy
It makes me wanna try and understand
Everybody needs a helping hand

If everything should turn around
And it's me who feels so down and out
You could be the kind of company
To share a load and know how bad it feels
Everybody needs to have a friend
