

Healing Ground

Wishbone Ash

They're telling me if I believe
They'll pull the evil out of me
Gonna set my spirit free
Down at the healing ground
Cure me with a snake bite
Something ain't feeling right
Blood in the moonlight
Down at the healing ground
Have I really gone this wrong?
Do I really need a shot this strong?
Can salvation be found
Down at the healing ground?
They don't know the shape I'm in
Drowning in a sea of sin
Will I die and be born again
Down at the healing ground?
