

Kill My Pain

Witch Hammer

1.) I'm still on my way, that leads me on to hell.
Black thought still in my brain, follow my as well.
Beyond this time I've prayed, no more already yet.
So now get out my way. I don't control myself.

2.) I'm blind, it's only pain, that's absorbing my brain.
My hands are full of shake, I'm on the hunt again.

P: If you're gonna feel „It will be fine tomorrow“.
It will symbolize to me.....
If you're gonna do that I will do tomorrow.
It will mesmerize to me.....

R: Kill my pain, I must do it again, in my heart, I'm still
running away.
