

Lost Memories

Witch Hammer

1.) Slowly fall my brain, fall into my ancient days.
I'm stumbling my affairs, sailing of my mind.

Feeling I've lost my memories, fading day by day. Oooo..
Breaking of my destiny, every time hits me.

2.) Running of the time, leaving up my spirit find
What I need sometime, turn around to past.

Feeling I've lost my memories, fading day by day. Oooo..
Breaking of my destiny, every time hits me.

R: So the darkness brings you lost memories.
Lonely nights and dreams at stars.
