

# The Reaper

## Witchery

Riding across the heavens, the moon is full and round  
Chasing down his victims, but their bodies... will not be found  
...

Drumming hooves of vengeance, the silent killer strikes  
People hiding in their homes, but he knows... where you hide

Reaver - the reaver - is on your trail  
Reaver - the reaver - he will not fail, so know... you time is  
up

Darker than a shadow, blacker than the night  
Feel his fingers round your throat, you know... it's time to die

Turn around to run it's the only thing to do  
Someone's about to die, and that someone... is you!

Reaver - the reaver - is on your trail  
Reaver - the reaver - he will not fail, so know... you time is  
up

Reaver - he cuts, he spears, he mains, he shears, he kill... he  
is the...  
Reaver - he hunts, he finds, he rips, he binds... he will bring  
- you - down!

Reaver - the reaver - is on your trail  
Reaver - the reaver - he will not fail, so know... you time is  
up
