

Last Chance

Witchfinder General

Would you step inside my time machine
Come see places you have never been
To Vortex Hill of eternal life
Or back in time, *Yeah!* to see the strife *Yeah!*

Where do we come from now?
Where do we go?
Just follow me now and I will show
You're the beginning *Yeah!* and the end
You think they're happy but you know they only pretend *Yeah!*

Now all you people you know they are perverse
Turn time round, now it's in a reverse!
Got no logic, got no respect
Their minds and brains, they don't seem to connect *Yeah!*
