

## Empty Eyes

### Within Temptation

With your terrified face you attempt to make up.  
You lay out your case like the enemy.  
But all that you got through dirty white lies,  
You're finding the correct way of blaming me for your crimes.

Would you talk to me?  
Don't walk or run away.  
I'm onto your yesterday  
With empty eyes.

I don't know where I'm going  
In search for answers.  
I don't know who I'm fighting,  
I stand with empty eyes.

You're like the ghost within me  
Who's standing by me.  
It's like my soul I see through  
Like through my empty eyes,  
Right through my empty eyes.

I'm about to give in, I got nowhere to go.  
Afraid of the sins, I'm holding on.  
There's no other way, no doubt in the end,  
But I ain't got a thing to lose, nothing to defend.

Would you talk to me?  
Don't walk or run away.  
I'm onto your yesterday  
With empty eyes.

I don't know where I'm going  
In search for answers.  
I don't know who I'm fighting,  
I stand with empty eyes.

You're like the ghost within me  
Who's standing by me.  
It's like my soul I see through  
Like through my empty eyes.

Ooh, please, won't you give in to me?  
Won't you finally speak truth from lie?

With your terrified face you attempt to make up.  
You lay out your case like the enemy, like the enemy.

With empty eyes.  
I don't know where I'm going  
In search for answers.  
I don't know who I'm fighting,  
I stand with empty eyes.

You're like the ghost within me  
Who's standing by me.  
It's like my soul I see through  
Like through my empty eyes,

Right through my empty eyes
