Overcome

Within Temptation

Where are the heroes
In my time of need?
Is my cry not loud enough
Or have they gone all numb?

They just tend to stand Out of the rain Thinking but not acting That they're not to blame

Falling and crawling A fight to stand up Memory still haunts me In the dead of night

Over and over, I felt so small But one day I'll be stronger And you better watch out

I will overcome, your violence their silence Although it can't be undone I will overcome, knowing that I'm not the only one I will overcome, it's the only way to carry on

Where are the saviors? Afraid of the toll Sorry, do my nine inch nails Slash your soul

Such heroes
Throwing stones
Straight at the one
Who is standing alone

Twisting and turning It's always the same Truth is never honest When you're to blame

Pushing and pulling
Never give in, one day I wish
You'll see you're not so beautiful within

I will overcome, our violence your silence Although it can't be undone I will overcome, knowing that I'm not the only one I will overcome, it's the only way to carry on

Run and run Run and run

I will overcome, their violence your silence Although it can't be undone I will overcome, knowing that I'm not the only one I will overcome, it's the only way to carry on
