

# See Who I Am

## Within Temptation

1. Is it true  
what they say,  
Are we too blind to find a way?  
Fear of the unknown  
cloud our hearts today.  
Come into my world,  
See through my eyes.  
Try to understand,  
Don't want to lose  
what we have

\*1: We've been dreaming  
But who can deny,  
It's the best way of living  
Between the truth and the lies

R: See who I am,  
Break through the surface.  
Reach for my hand,  
Let's show them that we can  
Free our minds and find a way.  
The world is in our hands,  
This is not the end.

2. Fear is withering  
the soul  
At the point of no return.  
We must be the change  
We wish to see.  
I'll come into your world  
See through your eyes.  
I'll try to understand,  
Before we lose  
what we have.

\*2: We just can't stop believing  
cause we have to try.  
We can rise above  
Their truth and their lies.

R: See who I am... (2x)

3. I hear the silence  
Preaching my blame.  
Will our strength remain  
If their power reigns?

R: See who I am... (2x)
