## The Howling

## Within Temptation

We've been seeing what you wanted Got us cornered right now Fallen asleep from our vanity Might cost us our lives

I hear they're getting closer Their howls are sending chills down my spine And time is running out now They're coming down the hills from behind

When we start killing
It's all coming down right now
From the nightmare we've created
I want to be awakened somehow

When we start killing
It all will be falling down
From the hell that we're in
All we are is fading away

When we start killing

We've been searching all night long But there's no trace to be found It's like they all have just vanished But I know they're around

I feel they're getting closer
Their howls are sending chills down my spine
And time is running out now
They're coming down the hills from behind

When we start killing
It's all coming down right now
From the nightmare we've created
I want to be awakened somehow

When we start killing
It all will be falling down
From the hell that we're in
All we are is fading away

When we start killing When we start killing

I feel they're getting closer
Their howls are sending chills down my spine
And time is running out now
They're coming down the hills from behind

The sun is rising, the screams have gone Too many have fallen, few still stand tall Is this the ending of what we've begun? Will we remember what we've done wrong?

When we start killing
It's all coming down right now

From the nightmare we've created I want to be awakened somehow

When we start killing
It all will be falling down
From the hell that we're in
All we are is fading away

When we start killing When we start killing When we start killing
