I'm on some gin, you on some gin
I'm moving slow, I'm driving fast
I hit the weed, you take the wheel
We lose control
Drop the top in that 69
Not Motor 1, not old Chevelle
Can't say things are like supposed to feel
Stacking all of this paper, dawg
I like to call this shit old news
It means haters jocking our old moves
Popping champagne cause we made it
Back of the Phantom, we faded
All of this shit that I did I probably won't remember tomorrow

Good to you
