Most of it's been good but I've seen some bad weather And niggas watching now, wouldn't even give me an umbrella But I ain't tripping, I made a million on my own May come to your surprise but I pictured it all along When I was 16, finna get put out my home Now the man making money, my nigga, my money growing And I can do what I what, went form being hated on To niggas try to go down the same road I made it on Ain't no love lost but ain't no love shown So now when niggas call I just don't pick up the phone I'm breaking down the weed, put it in the bong Blow a hundred racks, put it in the song Party every weekend, hardly ever home Don't see me face to face so you have to tlak about me when I gone
