

## When I'm Gone

Wiz Khalifa

And they say all I rap about is bitches and champagne,  
You would' to if every night you seen the same thing  
Money wall to wall, young famous n-gga, spend it all,  
When you die you can't take it with ya  
Bottle of rose from drinking with ya  
Cause most niggers is broke their bank is injured  
Then bitches gonna ride with who they think's a winner  
And I'll be smiling in case they take a picture  
Oh, I'm smoking weed drinking liquor make a hundred  
I'll be showing spend it all on my niggers  
When I go shopping I tell them pick one  
Cause they was with me when nobody seen a vision  
Always about my business don't play the cards  
I talked to the niggers who dealed them ah  
Royal flush, now look up in niggers and baby girl you see us, yeah

I'm gonna spend it all why wait for another day  
I'ma take all this money I own and blow it all away  
Cause I can't take it when I'm gone, gone, gone, gone  
No I can't take it when I'm gone, gone, gone  
I'm gonna spend it all why wait for another day  
I'ma take all this money I own and blow it all away  
Cause I can't take it when I'm gone, gone, gone, gone  
No I can't take it when I'm gone, gone, gone, gone

Had my whose in my car, they wanna feel that maximum speed  
Never had an absence of weed  
Tired of beeing at the bar, everything louie v,  
Plus the most exclusive treat in my jar  
Making my bank, spending it all  
And that expensive shit you paid for, she had it on  
She taking it off, most of these niggers just talk and taking it off  
Back in the day money was short, I'm making it taller  
You know what I mean, so I'm saying it's a problem  
... my greens, I save them my...  
Knowing... they say I'm a baller  
Live for today, it's not like my father

I'm gonna spend it all why wait for another day  
I'ma take all this money I own and blow it all away  
Cause I can't take it when I'm gone, gone, gone, gone  
No I can't take it when I'm gone, gone, gone  
I'm gonna spend it all why wait for another day  
I'ma take all this money I own and blow it all away  
Cause I can't take it when I'm gone, gone, gone, gone  
No I can't take it when I'm gone, gone, gone, gone.
